You must consider College fees! College accommodation! New books! The list is endless... This is a very stressful time for parents and students, as the cost of third level education can be a significant burden. Paying for College has become increasingly challenging for many. We want to let people know that the Credit Union is available to support both parents and students as they prepare for the academic year with the most competitive student and personal loan rates on the market. Rathmore Credit Union offer Student/Apprentice Loans at the low rate of 5%. You can borrow up to €5000. Repayments can be made to suit your needs. You may not need to borrow the full €5000 for your first term, so you can draw your loan in stages if required. Interest is charged only on the amount outstanding at any given time. Student loans can be topped up to €5000 while in College. Proof of College course is required. Guarantor is required (parent/guardian) and must provide proof of income. Apprentice loans of €5000 are available with same conditions but only on a once-off basis. Do come and talk to us about the various finance options that are available. <i>Terms & conditions apply</i></p>

Notice of Motion & reply raised by Cllr. Niall Kelleher at Killarney Municipal District Meeting 29th July.

Cllr. N. Kelleher: What is the current position with regard to the upgrading of the Main St. in Rathmore, what were the results of the surveys? Have plans seeking funding been submitted to the NRA to include the two pedestrian crossings (Dennehy's Corner and Donagh Hickey Motors), footpaths, traffic calming and underground lighting?

Reply: The Main St. was overlaid in recent times through funding from the NRA. It would be desirable to carry out a plan for the upgrading of footpaths, public lighting and the general amenities of the town. However, this would require substantial funding and at present there is no funding stream available for these works. A preliminary speed survey was carried out in the village recently and indicated instances of speeding infringements in the village. A full speed survey is to be carried out here in the next two weeks to ascertain whether a traffic calming scheme would be suitable for the village. When the results of the speed survey are known, this matter will be discussed with the NRA Safety Officer, and we will revert to the members.
