

Weddings Planning Summary

We congratulate you on your engagement and we wish you calm and happiness over this time of planning for your most special day.

For those married in the Catholic Church we believe that Marriage is a sacrament, with the love of the husband and wife mirroring the love that God has

for us, his people. We pray that God will journey with you and that God's blessing will bring you to old age together in company with your children.

To book any of the Churches for your wedding, please contact the Parish Office on Mon – Fri 10am to 2pm to determine the availability of your date.

Some things to attend to:
