**AN ATTITUDE OF BEING.**

*Mother Teresa said; "The biggest disease in the world today is not leprosy or TB, but the feeling of being unwanted and uncared for. The greatest evil in the world is lack of love, the terrible indifference towards one's neighbour." There are so many kind things we could do for one another if we were a little more aware and sensitive. It is not a question of doing great things, but of doing little things with great love.*
