SEASON OF CREATION

As we walk through this Season of creation can we as a parish lead by example and show our commitment to caring for the earth? The future of our environment depends on the action we take now as a society. As a parish can we join with the eco-groups in our community to rejoice in the good gift of creation, to share eco-stories and hear good news of what is already happening. Pope Francis invites all people to 'enter into dialogue about our common home.'
