DAY FOR LIFE 6TH OCT It is the day in the Church's year dedicated to raising awareness about the meaning and value of human life at every stage and in every condition. This year the focus is on the scourge of domestic violence. One in four women and about one in six men suffer from domestic abuse in their lifetime.

We acknowledge that men, women and children suffer domestic abuse at the hands of husbands, wives, parents and other family members. Violence of this kind should never be tolerated or justified. It is an offence against the dignity of the human person.

The Church is recognising the hurt done to those who have experienced domestic abuse. Pope Francis writes: 'Unacceptable customs still need to be eliminated. I think particularly of the shameful ill-treatment to which women are sometimes subjected, domestic violence and various forms of enslavement which, rather than a show of masculine power, are craven acts of cowardice. The verbal, physical, and sexual violence that women endure in some marriages contradicts the very nature of the conjugal union.' (Amoris Laetitia 54) For more on this go to www.catholicbishops.ie or www.dayforlife.org, or see the leaflets available at the newsletter stands.
