### GOSPEL REFLECTION: WHAT IS THE POINT OF THE TRINITY?

When we hear the name "God" all sorts of ideas can be conjured up: everything from an alb-wearing Santa Clause in sandals to some impersonal cosmic energy. But how does God reveal Himself? What does He say He is? We all come from a family. It's a biological fact: we have a mother and father. They may be close or far away but this basic family unit is common to us all. God is like a family! God is a communion of three Divine persons. God can say he is love, because there was always someone to love. Before God created the world there was the Son and the Spirit to love. In fact, the Father loved the Son with an eternal and divine love and the Son loved the Father with an eternal and divine love and so the Holy Spirit *PROCEEDS* from the Father and the Son, as we pray in the Creed. He is Love personified.

On this Trinity Sunday we think of how our Trinitarian God is simple on one hand and entirely mysterious on the other. How can we relate to a God who is three Persons but one God? How can we have a relationship with a Father who doesn't have human body or a pure spirit?

God is like a family! God is Father. Jesus is our brother and the Holy Spirit is the love that unites us. God can relate to us on an even deeper level than a human being because He can live in us. He can give himself to us as food. He can be present to us at all times. Why is this so important? A priest was visiting a confirmation class in a school in Navan. One of the students asked, "Father, what is the point of the Trinity?" He succinctly responded, "What is the point of anything else!" In God we live and move and have our being. (*Acts 17:28*) Without the Trinity we simply don't exist. Today let us ask St. Patrick to help us deepen our love for our Trinitarian God.
