Gratitude

Once there was a young man who had never thought of donating blood. But then his father got very ill and was hospitalised. One day the son was sitting by his father's bedside as he was getting a blood transfusion. As he watched the blood flowing into his father's veins, he suddenly realized that someone had donated the blood that was now keeping his father alive. Straightaway he made up his mind to become a donor, and he was as good as his word.

Many are willing to avail of the generosity of others, but few are willing to give something back. This is why gratitude is so important. It makes us want to give something back.

Lord
You are the God
of our fathers and our mothers
You are the God
of our failures as well as of our successes.
You are the God
who has been beside us in our dark days
As much, if not more so,
as in our days of sun and blue skies.
Make us as ready to express our pain to you
As we are to express our praise,
and to know that you hear both
Amen

Weekend's collection - €765
