Thought for the Day

ST BRIGID'S DAY - 1st Feb. is The Feast of St Brigid. Saint Brigid has been described as a woman of faith, feminist, farmer, bishop, convent founder and a miracle worker. St Brigid is most famous for her cross which she wove together using rushes. The many strands that make up a St Brigid's cross represent the different strands of our own lives. They pick up on our joys and blessings but also on our struggles, problems and difficulties. For Brigid the cross was not an end in itself but pointed to a firm and sure hope in a loving God. For Brigid this loving God helps us to make sense of everything that's going on in our lives. Significantly St. Brigid's day is a day for renewed hope and is most certainly a day to celebrate.

St. Brigid pray for us.

A little inspiration:

*Stop focusing on the past and
worrying about the future.
Find peace in the present moment.*

**Jesus I surrender myself to You.
Please take care of everything.**
