Points to Ponder! During the 6 years as a slave Patrick learned the language of the Irish
people and was sensitive to the culture. Patrick got to know Irish ways and grew to love the
Irish people. This was obviously indispensable to his missionary efforts. He did not ride in
on a white horse as an outsider bringing a foreign salvation: he came to the Irish as one who
had spent the time becoming one of them. His ministry was marked by evangelising,
preaching and teaching. History testifies that Patrick's efforts began a chain of events that
only led to the Christianisation of Ireland but to the arrival of Irish missionaries into
mainland Europe. This was the legacy of these Irish men and women of courage, and it
originated with Patrick, their father in faith. For this reason, St Patrick is celebrated not just
by the Irish but by churches around the world, who thank God for the gift of faith received
by their Irish ancestors, who brought the faith to other cultures and peoples after the example
of Patrick himself. What the story of Patrick teaches us with renewed force and effect is
simply that Christian mission matters. May we never doubt the wonders God continues to do
in our own day through men and women who share Patrick's passion.

HAPPY ST PATRICK'S DAY!
