Thought for the day...
 ~William Lane Craig

Women’s testimony was regarded as so worthless that they weren’t even allowed to serve as legal witnesses in a Jewish court of law. In light of this, it’s absolutely remarkable that the chief witnesses to the empty tomb are these women who were friends of Jesus. Any later legendary account would have certainly portrayed male disciples as discovering the tomb – Peter or John, for example. The fact that women are the first witnesses to the empty tomb is most plausible explained by the reality that – like it or not – they were the discoverers of the empty tomb. This shows that the Gospel writers faithfully recorded what happened, even if it was embarrassing.
