Thought for the Day! We seem to be moving more and more towards a contactless society where our own existence and our own needs are of primary importance and meeting these needs can be done without contact with another live human being. Not only that, but less contact with others means less insight into the needs of others as well, and in that situation others suffer and we are deprived of the experience of developing empathy and of helping our fellow human beings. Our drive towards a contactless society will deprive us of many things, not least the richness that comes from sometimes messy face-to-face contact with another human being.

Offertory Collection: €2,175. **Diocesan Collection** amounted to €885. Thanks to all.

FATHER'S DAY!

*A gentle hand to guide my way,
a strong shoulder on which to stay.
You've watched me grow, year after year,
and wiped away each falling tear.
From tiny steps to grow-up strides,
A hero's heart, a loving soul,
You made me strong, you made me whole.
Though distance may or time may part,
Your love remains within my heart.
So thank you, Dad, for all you've done,
And Happy Father's Day, my sun!*

HAPPY FATHER'S DAY!
