Reflection:

'Sometimes people describe their frustration and discouragement in terms of being trapped in closed circuits with no escape. We often speak of going round in circles.' ~Conor Cunningham

The experience of going round in circles is universal. Life can become predictable and routine for many people. We like routine. We have to make a deliberate effort to do something different outside of routine. Perhaps we're going around in circles because we feel there's nothing left. We may be feeling guilty, lonely, hurt, misled, misunderstood and upset by something we have done or by something done to us. God has a completely different viewpoint to ours. The invitation always is to step outside any closed circle and to begin to walk the journey of life again. God always wants to shower us with blessings, including peace, love, reassurance, guidance and enthusiasm. These blessings are extended to us within any closed circle but take much more effect when we are willing to step out of that circle and begin to live again.

Congrats to the **Boherbue Tidy Towns** group who were again rewarded for their continuous good work at the **Muintir na Tire Pride in our Community Competition**, the results of which were announced at a special function held in the Kingsley Hotel in Cork during the week.

Boherbue were the recipients of a Silver medal in the Biodiversity Category for their construction of the Sensory Garden opposite the Creche.

The committee were represented by Secretary Majella Murphy and joint treasurer Sheila O'Sullivan.

On Fri. they received even greater news as they were awarded **1st place in the "Town Centre Special Award Category"** at the National award ceremony in Dublin. Both were a deserving show of gratitude for the tremendous work being done by the ladies and gents who devote so much of their energy to have Boherbue clean and colourful at all times.
