*Look at the sky ....*

*Look at the sky.  
We so rarely look at the sky.  
We so rarely note how different it is  
from moment to moment  
with clouds coming and going  
We just think of the weather.  
And even of the weather, we don't think of all the many  
nuances of the weather.  
We just think of good weather and bad weather,  
This day right now has unique weather,  
maybe a kind that will never come again.  
The formation of clouds in the sky will never be the same  
that it is right now.  
Open your eyes and look at the Sky.
