*You think People are watching...*

*You think people are watching.  
You think they're waiting for you to fail.  
You think every move you make is under a spotlight.  
But the truth is, no one cares.  
They're too busy worrying about their own lives,  
their own failures, and their own insecurities.  
The world isn't watching you  
like you think it is, and that's freedom.  
It means you can try.  
You can fail.  
You can rebuild.  
You can start again.  
No one cares nearly as much as you imagine.  
And once you realize that, you're finally free to live the  
life you actually want.*
