Miracles

Be open to the possibility of miracles.
 What is a miracle?
 They happen every day, change your perception and you'll begin to see them all around you.
 In a world where we think we know how everything will unfold; we leave little room for the unexpected.
 Yet life is full of miracles; it is we who stop noticing them.

There are two ways to live: as if nothing is a miracle, or as if everything is.

A Mother's Love

A mother's love is soft and strong,
 A quiet place where we belong.
 In every hug, in all she'll do,
 Her heart speaks love our whole life through.
 Through guiding words and caring ways,
 She lights the path of all our days.
 A gift so deep, so warm, so true –
 A mother's love stays life-long too.

Happy Mother's Day!
