BEING HUMAN

“ Being human mean living in the space between beauty and pain - to love deeply, to lose, to hurt, to love again. To mess up and still try to make it right. To stumble through the chaos of it all, learning, letting go, forgiving, breaking open, and gently evolving. It's feeling everything, the longing, the joy, the quite magic of ordinary moments. We're all just trying. We're all just finding our way. Being human.

A beautiful reminder from @H.e.l.e.n.m.a.r.i.e that we are all human and deserve grace. That we are all trying and that we might not know what someone is going through, but we can be better at how we behave.
