Here are some pointers to get along better with others:

- (1) Say less than you think. Cultivate a calm voice, how you say it often means the most.
- (2) Make promises sparingly, keep them faithfully.
- (3) Never lose opportunities to say a kind word to or about somebody. Praise work well done.
- (4) Be genuinely interested in others. Let everyone you meet feel that you regard them as if they are the only person that matters in the world.
- (5) Be cheerful as best you can.
- (6) Keep an open mind on all debateable questions. There's a big difference between discussing something and arguing something without listening to a different viewpoint.
- (7) Don't give in to gossip. It is so destructive.
- (8) Respect the feelings of others.
- (9) Pay no attention to those who think less of you. There are always knockers in this world but know that there are many more people willing to uplift and encourage.
- (10) It won't cost you anything, smile!!
