Reflection - A true friend.

- A true friend is the one who picks you up when you fall.
- A true friend is one that won't lie.
- A true friend is there when you call.
- A true friend is there when you want to die.
- A true friend knows just what to say.
- A true friend won't care when other people think.
- A true friend will help you find your way.
- A true friend will make sure you don't sink.
- A true friend will help you choose your path.
- A true friend will know when something is wrong.
- A true friend makes you feel like you belong.
