REFLECTION: Please don't remember only the day I had to leave or let my final moment be the story that you grieve. Remember all the laughter, the ordinary days the love we shared so freely in quiet simple ways. I know your heart is aching I know you miss me too but I am not as far away as it may seem to you. I live within the memories that time can never take, within the love still left behind in every heart I shaped. So speak my name with gentleness let stories bring a smile and when the tears come, let them fall then rest with them awhile. Do not think you must be strong every single day grief is just love reaching out when words get in the way. And though my life on earth is done my love has not gone too for every life I touched still holds a piece of what was true. So carry me with tenderness but let your heart live too for every step you take in love keeps part of me with you.
